

PQE Group US Earns Great Place to Work Certification™

Rockville, MD, May 11, 2026. PQE Group is proud to announce that, for the fifth consecutive year, its US subsidiary has been **Certified™** by **Great Place to Work®**. This prestigious award is based entirely on what current employees say about their experience working at PQE Group US. This year, 91% of employees in the US said it's a great place to work. To obtain this recognition, PQE Group's US employees completed a voluntary survey, responding to numerous questions regarding their satisfaction in a wide array of areas surrounding PQE Group's company culture, including leadership behaviors and support, collaboration, DEI, integrity, communication, and more.

Great Place to Work® is the global authority on workplace culture, employee experience, and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.

"Great Place to Work Certification is a highly coveted achievement that requires consistent and intentional dedication to the overall employee experience," says Sarah Lewis-Kulin, the Vice President of Global Recognition at Great Place to Work. She emphasizes that Certification is the sole official recognition earned by the real-time feedback of employees regarding their company culture. *"By successfully earning this recognition, it is evident that PQE Group US stands out as one of the top companies to work for, providing a great workplace environment for its employees."*

We are thrilled to become, for the fifth year in a row, Great Place to Work-Certified™, as we consider employee experience a top priority every day," said Gilda D'Incerti, PQE Group Founder & CEO. *"We owe our continued success to our team of dedicated employees, and we celebrate and thank them for all they do to earn this important recognition. In reading the survey results, I was particularly heartened to see that our employees recognize that everyone, regardless of race, sex, age or gender, is treated fairly, that they know they are recognized and appreciated for the work they do, and that there is open and honest two-way communication. Maintaining our fair and ethical culture and advocacy efforts on behalf of our entire organization is as critical to me and my executive team as is our high level of client satisfaction."*
